MISSION STATEMENT

Whether you are looking for a career change, preparing for certification, or self-personal improvement, we can turn that dream into a reality. If you are joining us for the first time, you have taken the first step towards the most important investment you'll ever make!

Cosmotek College was established in 2001 and is among Northern California's oldest and most distinguished postsecondary institutions. Cosmotek College offers a unique package having a series of courses like **Cosmetology, Makeup Artistry, Esthetics, Massage Therapy, Nail Technology, Remedial Training, Teacher Training, and Real Estate and Loan Processing.**

With our elaborate course and advanced training, we ensure our students are ready for the glamour and wits of the industry. We also offer our students enrollment in exclusive courses, that are at no extra cost to them, while other institutions would charge an additional amount. We adhere to a simple belief, in which to facilitate an environment for growth, discovery, and learning for those that are looking for a change in their career and an intrinsic drive for self-improvement.

Our education system at Cosmotek College prioritizes the student's learning experience through practical tasks on a rotational method, expanding their expertise through hands-on experience. This approach allows for a unique and individualized learning experience for the student, where theory and practical experience will continue to overlap.

Our faculty and staff are passionately driven in providing students career-oriented information that will enable them to sustain and encourage their growth within today's aggressively advancing society with its competitive global economy. The variety in our syllabi are to equip our students with differing skills of trades, empowering them with proper work culture, and shaping them to be creative members of a competitive society. At the end of their education, we ensure that our students will be ready to answer the demands of the beauty industry.

With dedicated faculty, life-time career service, free parking, free salon business mentoring, scholarship programs, and exposure to first-hand experience when working with paying clients, our students are fully prepared in passing the state board exams. All amenities are included in a single package, which has been highly regarded as the best among all institutes of California. One of our proudest moments, was when we were recognized as the number one institution in hair styling, cosmetology, and nail art back in year 2008 and 2009. That made us the first school winning two consecutive 1st place awards in hair design, makeup, and nail art design in the history of Nina Faggiano Student Team Competition. Our reputation precedes us, we invite inquiring students to join us in our legacy.

Along with our core belief that education is a route for individual and collective success, we have dedicated ourselves to the mission of donating to Unicef. Our goal is to encourage safe environments with fundamental schooling provided for children that are underprivileged. Cosmotek is proud to share in contributions from our professional products.

HYBRID LEARNING

Currently, Cosmotek College offers a hybrid learning option for some programs where students get an opportunity to have a combination of both traditional school attendances with online instructions. You will be supported no matter where you are: in person, online, or both.

Our hybrid learning is an innovative learning environment that brings together discussions, assignments, and learning activities all in one location. Depending on the program, your classroom experience may vary. Our Classroom is designed around your course syllabus and has everything you will need to be a successful student, and ways to learn and connect with your instructor and classmate. It is important to stay organized, track progress through the course and check weekly progress. The following requirements shall apply:

1. The online program is instructor-led. Students can only earn theory hours online. All practical operations must be done on-campus.
2. Students are required to complete all course assignments. Students are required to take weekly test either online or on-campus.
3. Theory exams grades will be automatically calculated by Cosmotek online portal and online hours will be managed by Cosmotek time tracking system.
4. No overlapping of hours (On-Campus and online) is allowed. Overlapped hours will be removed.
5. All student Satisfactory Academic Progress evaluations will be completed while students are physically on campus.
6. Students are required to attend on-campus class at least eight (8) hours every week and be evaluated for their practical or theory proficiency.
7. The interaction with the instructor will be validated by regular measurable participation using Cosmotek time tracking system, actively working on Cosmotek online lessons, textbooks, assignments, and by communicating with the instructor in Cosmotek chat post, Zoom, Email, and Texting.
8. Orientation will be on the first day of the class.
9. Microsoft Windows or Apple Mac OS with Chrome, Firefox or Safari Browser, high speed internet connection, monitor and video card, speakers, headphone or speakers, web camera capable of video conferencing are required.

COLLEGE CAMPUS AND FACILITIES

Cosmotek College proudly features two campuses, each uniquely equipped to provide exceptional educational experiences. The San Jose campus is a key part of Silicon Valley, conveniently located near the Mineta San Jose International Airport. Spanning approximately 8,300 square feet, it's designed to accommodate up to 200 students and is equipped with state-of-the-art facilities.

Additionally, our flagship campus in Hayward is the largest facility for beauty courses in California, covering an expansive 20,000 square feet. Positioned in Hayward, known as the "Heart of the Bay," it is easily accessible, being closer to both San Francisco and Oakland airports.

Both the San Jose and Hayward campuses are outfitted with high-end salon equipment to create a realistic salon environment, essential for training future beauty professionals. This approach enables students to gain practical experience in a professional-like setting. Also, ample parking spaces are available at both locations, adding to the convenience for students and visitors.

These strategic locations and well-equipped facilities underscore Cosmotek College's commitment to offering a superior educational experience in the beauty field, making it a premier choice for aspiring professionals in California.

HANDICAPPED FACILITIES: Parking and restrooms conform to the handicap access guides. Cosmotek College is not equipped to serve severely handicapped students.

SAFE CLASSROOM ENVIRONMENT

- Safety measures are enforced at Cosmotek. Our staff always follow procedures to keep our equipment and environment clean and safe.
- We will continue to maintain and improve your workspace to exceed your expectation and help encourage your creativity.
- Staff and students are required to wash or sanitize their hands immediately upon entering the school premise. It is also essential to wash and sanitize frequently throughout the day. Sanitizer dispensers and disinfectants are located throughout the entire facility.
- Students must discard soiled supplies, hair, towels, drapes, food, papers, bottles, and cans, into designated trash immediately.
- Students must clean and put away supplies after a class activity.
- Students must disinfect their workstation before and after you use it.

CALENDAR/HOLIDAYS

On-Campus hours: Monday – Saturday 9AM-9PM and Sunday 9AM - 7PM.

Distance learning hours: Monday – Sunday 7AM – 10PM.

Holidays: Memorial Day, Independence Day, Labor Day, Thanksgiving Day, Christmas Eve, Christmas Day, New Year's Eve and New Year's Day.

If the holiday lands on a Saturday, Cosmotek College will observe it on Friday and if the holiday lands on a Sunday, Cosmotek College will observe on Monday.

Holy Days of all religious beliefs are respected and allowed.

The school reserves the right to change dates of holidays with prior notice.

COMPLIMENTARY GLAM SESSION

This one-day complimentary service to our students who pass and receive the state board license or those that graduate should the board license not be required.

Cosmotek Team congratulates and celebrates our student's professional accomplishment in their field of study, by treating them with a day of professional hair, makeup, and photography session.

The professional photos are a reward for the hard-work and consistency required to complete education within their field of study.

These photos are a gift to students and can be used in their portfolios, social media, marketing materials, and in photo albums.

Please share the contagious laughs and happiness with your family and other students. Pass the test, receive the license, and Cosmotek will pamper our newly graduated students.

CHANGES IN CATALOG, CURRICULUM, AND POLICIES

Cosmotek College continually assesses of the school catalog and curriculum to ensure that it meets the standards of our organizing principal and the laws and regulations. Cosmotek College updates its catalog and curriculum immediately if there are changes in the content or at a minimum of at least one year. Although every effort has been made to assure the accuracy of the information in this catalog, students and others who use this catalog and curriculum should note that laws, rules and policies change and that these changes may alter the information contained in this publication. Changes to the catalog shall be reflected at the time they are made in supplements or inserts accompanying the catalog.

Cosmotek College reserves the right to suspend or terminate any students whose attendance, conduct or academic standing does not meet the school's standards and regulations. Cosmotek College also reserves the right to change the requirements for admission or graduation, modify the staff, and/or the content of the materials of courses, change tuition fees, class schedules and any regulations affecting the student body. Such changes shall take effect by written notification and within a reasonable time period. However, changes in tuition or course length will not affect students currently enrolled.

LICENSURES REQUIREMENTS

The State of California requires that any person desiring to conduct business as a barber (1000), cosmetologists (1000), hairstyling (600), esthetician (600), manicurists (400), or Real Estate Agent must first complete the state required clocked hours and curriculum at a certified school and second pass the state licensing exams.

The curriculum for students enrolled in Barber course shall consist of 1000 clock hours, Cosmetology 1000 clock hours, Esthetics 600 clock hours, Hairstyling 600 clock hours, and Manicuring 400 clock hours of technical instruction and practical operations covering all practices constituting the art of barbering and cosmetology, esthetics and manicuring. Technical instruction will be by demonstration, lecture, classroom participation and examination. Practical operation shall mean the actual performance by the student of a complete service on another person or on a mannequin, and the time it takes to perform a practical operation. To become a licensed, a person must pass an examination given by the California Board of Barbering and Cosmetology. To qualify for the examination, a candidate must pay the require fee, be at least 17 years of age, completed 10th grade in public school or its equivalent, committed no act or crimes constituting grounds for denial of licensure under Section 480 of the California Barbering and Cosmetology Act Business and Professions code, and completed the course clock hours requirements as listed above in an approved California Cosmetology school. A candidate passing the written and practical examination and Board receipt of a "Proof of Training" document issued by the school entitles the examinee to issuance of a state license.

For massage therapy related courses: Attendance and/or graduation from a California Massage Therapy Council approved school does not guarantee certification by CAMTC. Applicants for certification shall meet all requirements as listed in California Business and Professions Code section 4600 et. Seq.

Pursuant to California Business and Professions Code section 4611, it is an unfair business practice for a person to do any of the following:

- a) To hold himself or herself out or to use the title of "certified massage therapist" or "certified massage therapist" or "certified massage practitioner," or any other term, such as "licensed," "certified," "CMT," or "CMP," in any manner whatsoever that implies or suggests that the person is certified as a massage therapist or massage practitioner, unless that person currently holds an active and valid certificate issued by the California Massage Therapy Council.
- b) To falsely state or advertise or put out any sign or card or other device or to falsely represent to the public through any print or electronic media, that she or she or any other individual is licensed, certified, or registered by a governmental agency as a massage therapist or massage practitioner.

The California Massage Therapy Council issues voluntary certifications to massage professionals that meet the requirements in the California State Law. Certification is voluntary. CAMTC Certification is not required by State Law in order for a massage

professional to practice their profession in the State. However, some cities and counties locally require CAMTC Certification for massage professionals.

In order to obtain CAMTC Certification, an applicant must submit a fully completed application and meet all of the following requirements: must be at least 18 years of age, must pay the required fee, submit fingerprints and a pass a criminal background check, and complete a minimum of 500 hours in an approved CAMTC school.

At the present time, our institution is not approved with CAMTC.

For real estate related courses: to obtain a real estate salesperson license, you must first qualify for and pass a written examination. Those who pass the examination are provided a license application which must be submitted to and approved by the DRE. To qualify for the examination, a candidate must pay the required fee, be at least 18 years of age, must complete three college-level courses at an approved school (Real Estate Principles, Real Estate Practices and one elective course). Applicants who submit evidence of having completed eight statutory college-level courses required for the broker examination and license are eligible to take the salesperson examination without submitting further evidence of experience or education. Each course approved by the Department of Real Estate is a minimum of 45 hours in length.

The California Board of Barbering and Cosmetology, California Massage Therapy Council (CAMTC), and California Department of Real Estate may and will most likely perform a background check to determine eligibility of the student to take the licensing exam. It is the student's responsibility to determine if certain past criminal convictions (if any) will prevent them from obtaining the required state license. **This is expected to be done prior to enrollment.*

APPROVAL DISCLOSURE STATEMENT & ACCREDITATION

Cosmotek College is a private and an unaccredited institution and is not recognized by an accrediting agency recognized by the United States Department of Education. Therefore, the student enrolled in an unaccredited institution is not eligible for federal financial aid.

California statute requires that a student, who successfully completes a course of study, be awarded an appropriate diploma or certificate verifying the fact. Graduates of our programs will be eligible to sit for the applicable licensure exams in California.

Cosmotek College, a private institution with campuses located at **1375 Blossom Hill Road, Ste. 9, San Jose, CA 95118** and **31023 Huntwood Avenue, Hayward, CA 94544**, was granted institutional approval from the Bureau for Private Postsecondary Education. The Bureau's approval means that the institution's operation is in compliance with state standards as set forth in the CEC and Title 5, CCR.

Instructional classes are held at both campuses: **1375 Blossom Hill Road, Ste. 9, San Jose, CA 95118** and **31023 Huntwood Avenue, Hayward, CA 94544**.

"As a prospective student, you are encouraged to review this catalog prior to signing an enrollment agreement. You are also encouraged to review the School Performance Fact Sheet, which must be provided to you prior to signing an enrollment agreement." This catalog provides consumer information, policies, and procedures. Some of the required consumer information is also available on Cosmotek College's website www.cosmotekcollege.com such as the Catalog, School Performance Fact Sheet, Annual Report and general information about the school. Paper copies of all disclosures are also available upon request during regular business hours through the Admissions Department.

Prospective enrollees are required to visit the physical facility of the school and to discuss personal, educational, and occupational plans with school personnel prior to enrolling or signing an enrollment contract. Any prospective or enrolled student may obtain information through the provided electronic address: support@cosmotekcollege.com

Person seeking to resolve problems or complaints should first contact the instructors in charge, and to Cynthia Trinh, the President. A student or any member of the public may file a complaint about this institution with the Bureau for Private Postsecondary Education by calling (888) 370-7589 or by completing a complaint form, which can be obtained on the bureau's internet web site www.bppe.ca.gov

For massage therapy related courses: A student or any member of the public with questions that have not been satisfactorily answered by the school or who would like to file a complaint about this institution may contact the California Massage Therapy Council at One Capitol Mall, Suite 320, Sacramento, CA 95814, www.camtc.org, phone (916) 669-5336, or fax (916) 669-5337.

All information in the contents of this school catalog is current and correct and is so certified as true by Cynthia Trinh, President.

COLLECTION OF TUITION

All tuition and fees are payable in advance unless other arrangements have been made prior to commencement of classes. Payment schedules (weekly, monthly) are available. No interest is charged by this institution when the course is paid in full prior to completion of the course. All students are encouraged to visit the financial office to determine their eligibility.

Students enrolling in programs that are to be completed in four months or less, will require payment of all tuition and fees on the first day of instruction unless other payment arrangements are to be made in advance. For those programs designed to be four months or longer, students are required to pay four months of advance payment. When 50 percent of the program has been offered, the institution may require full payment unless other payment arrangements have been made. If the school allows installment payments, no interest will be included.

SCHOLARSHIP

Cosmotek College believes that the talents, hopes, and ambitions of all people are among our nation most valued possessions. With this thought, this school continues to promote scholarship, and grants for qualified, deserving students, who would normally be deprived of a college education because of inadequate funds, to attend college. In awarding funds to eligible students, the amount and the type of self-help will be related to the circumstances of the individual and the largest amount of grant assistance will be offered to students with the least ability to pay. Grants do not have to be repaid.

FINANCIAL ASSISTANCE

Students may be eligible for grants or state funds. The school accepts payments from these agencies. You may contact them for eligibility:

Workforce Innovation & Opportunity Act (WIOA), Trade Adjustment Assistance (TAA)

The Trade Adjustment Assistance (TAA) program provides assistance to workers who are laid off due to increased imports from any foreign country. This federally funded program offers a full range of employment services including training, job search allowances, and relocation allowances to help eligible individuals return to work.

Each meeting is necessary as it ensures students have had at least one evaluation midpoint within each program's course. In cases where the student has not met Satisfactory Academic Performance, our faculty will determine the best solution and work with the student to bring them up to an appropriate level. This additional effort will help many achieve their goal.

For transfer students, they will receive evaluations at their midpoint of their contracted hours or at the schedule evaluation period for the program they are enrolled in, whichever comes first.

Please contact the school at 408-999-0446 or support@cosmotekcollege.com to schedule a meeting with the school faculty when you are reaching the clocked actual hours.

BEGINNERS OR FRESHMAN LEVEL

The Freshman Level is fashioned to teach beginner students the basics education in the field of study including a solid foundation of theory as well as practical experience. Students practice newly learned skills on mannequins and classmates prior to moving to the clinic floor.

Barbering and Cosmetology: Students will be required a minimum of 100 hours learning the fundamentals of cosmetology and hair styling.
Esthetics: Students will be required a minimum of 60 hours learning the fundamentals of esthetics.
Manicuring: Students will be required a minimum of 40 hours learning the fundamentals of manicuring.
Massage Therapy: For freshman-level students, the curriculum includes essential foundational courses. Before progressing to advanced studies (courses MAS105 through MAS110), students must first complete MAS102, consisting of 80 hours in human anatomy and physiology, and MAS104, which covers 70 hours of the fundamentals of therapeutic massage. These courses lay the groundwork necessary for more specialized studies in the field of massage therapy.

GRADUATION REQUIREMENTS

A grade point average of 70% is required for graduation from any program at Cosmotek College. Both theory and practical work are considered important. Students are evaluated on a level system that prepares them for state license examination and industry performance levels. All work must be completed to graduate. The following are required for graduation from all programs:

1. Completion of all assignments and tests
2. Complete the course within one and one-half times the length of the course as defined in the enrollment agreement.
3. Satisfy all financial obligations owed to school or make satisfactory arrangements for payment
4. The school will not release an official transcript until all graduation requirements are met.
5. Once the student has met all these requirements, he/she will receive a Diploma of Graduation.

TRANSFER STUDENTS

Cosmotek College does not have any articulation with any schools. Student transferring into this school from another school in the State of California must present his/her record of withdrawal from the prior school if the student wishes to be validating credit for prior training hours. Students desiring credit for training from schools out of this state must submit proof of training to California State Board of Cosmetology for approval. The Board will provide the applicant with acknowledgement of approved credit. In some cases the applicant will be entitled to take the State Board examination; otherwise the applicant will be required to enroll in an approved institution in California for additional training. This institution will recognize approved records of prior training and will give appropriate credit. Students in good standing who withdraw temporarily will be able to reenter training without loss of credit.

NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION

The transferability of credits you earn at COSMOTЕК COLLEGE is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the certificate/diploma you earn in _____ program is also at the complete discretion of the institution to which you may seek to transfer. If the certificate/diploma that you earn at this institution are not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason, you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending COSMOTЕК COLLEGE to determine if your credits, or certificate/diploma will transfer.

ENGLISH PROFICIENCY

Cosmotek admits students with a high school diploma or its equivalent, or must have completed 10th grade education level and pass the Ability to Benefit (ATB) proficiency exam that meet minimum score requirements, who, as such, are deemed to have the level of English proficiency necessary to have the ability to benefit from the programs taught in English.

LANGUAGE DISCLOSURE & INSTRUCTIONAL LANGUAGE

All courses are taught in English only. The institution does not offer instruction in English as a second language. If a student's primary language is not English; the student may bring an interpreter when signing the enrollment agreement contract to obtain a clear understanding of the terms and conditions of the enrollment contract in the student's primary language.

PROBATION PERIOD

Students who fail to meet SAP (Satisfactory Academic Progress) standards (due to either lack of attendance and/or low grades) at any time or during a given evaluation period will be placed on a warning status until the following evaluation period. Students will be considered to be making SAP progress and remain eligible to receive aid during the warning period. Students who fail to meet SAP by the conclusion of the warning period will be deemed not to be making satisfactory progress and will lose any remaining eligibility for student financial aid. Students at this time may be terminated from the course of study.

NONCREDIT, REMEDIAL COURSE, AND REPETITIONS

Course incompletes, repetitions, and noncredit remedial courses do not apply to this institution. Therefore, these items have no effect upon the school's satisfactory academic progress standards.

TRANSCRIPT REQUEST

One complimentary printed copy of each training completion record is available through the Admissions and Records Office. Each additional transcript will be provided at a fee of \$30

0.00 from the Admissions and Records Office. Transcripts will only be released to the student upon receipt of a written and signed request. Any transcripts or documents requested that are 5 years and older, there will be a \$100 processing fee to search and provide documentation requested. Submit proof of graduation from Cosmotek College with your written request.

Students have the right to seek an amendment to their school records. To seek an amendment, students must meet with the school director and bring any supporting documentation to show that the record is incorrect.

GRIEVANCE POLICIES

In the event, a student has a grievance, which cannot be resolved to his/her satisfaction with the student's immediate instructor, the student is to make his/her grievance known to the Institution's Director at the school administration office. It is strongly recommended that all grievances be presented in writing. We also accept oral grievances; the school will provide a corresponding oral or written response to all grievances within 10 business days.

ALCOHOL AND DRUG-FREE EDUCATIONAL FACILITY POLICY

Use of alcoholic beverages, marijuana, or non-prescription drugs by Cosmotek College staff or students while on Cosmotek College premises is specifically prohibited. Students found violating this policy will be counseled individually and appropriate action will be taken. Staff members or students who violate this policy are subject to dismissal. Any student not complying with the school's procedures and policies may be terminated.

GRADUATION, PLACEMENT, AND JOB OPPORTUNITIES

Cosmotek College job placement will make and maintain contacts with companies, and organizations throughout the United States. We take our best effort to assist students in finding the positions that meet their desires and skills. However, we do not guarantee placement. Cosmotek College' students may receive this service life-time. Students are required to provide written employer statement including employer name, address, phone, position, salary, start day, and full time/part time status to the career counselor immediately upon becoming gainfully employed to qualify as part of their graduation requirement.

EXTRA INSTRUCTION CHARGES

Students are expected to complete their training within the maximum time allowed as specified in the enrollment agreement. If the student exceeds the time frame outlined above, an extra instruction charge will be made for the balance of the hours required for the completion of course at \$10 per hour. An addendum to the enrollment contract will reflect the hours to complete and per hour charge of \$10.

BANKRUPTCY DISCLOSURE

Cosmotek College does not have a pending petition in bankruptcy, nor is operating as a debtor in possession, nor has filed a petition within the preceding five years, or has not had a petition in bankruptcy filed against it within the preceding five years that resulted in reorganization under Chapter 11 of the United States Bankruptcy Code.

STUDENT TUITION RECOVERY FUND (STRF)

- (a) A qualifying institution shall include the following statement on both its enrollment agreement and school catalog: "The State of California established the Student Tuition Recovery Fund (STRF) to relieve or mitigate economic loss suffered by a student in an educational program at a qualifying institution, who is or was a California resident while enrolled, or was enrolled in a residency program, if the student enrolled in the institution, prepaid tuition, and suffered an economic loss. Unless relieved of the obligation to do so, you must pay the state-imposed assessment for the STRF, or it must be paid on your behalf, if you are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition. You are not eligible for protection from the STRF and you are not required to pay the STRF assessment, if you are not a California resident, or are not enrolled in a residency program."
- (b) In addition to the statement required under subdivision (a) of this section, a qualifying institution shall include the following statement in its school catalog: "It is important that you keep copies of your enrollment agreement, financial aid documents, receipts, or any other information that documents the amount paid to the school. Questions regarding the STRF may be directed to the Bureau for Private Postsecondary Education, 1747 North Market Blvd., Suite 225, Sacramento, California, 95834, (916) 574-8900 or (888) 370-7589.
To be eligible for STRF, you must be a California resident or are enrolled in a residency program, prepaid tuition, paid or deemed to have paid the STRF assessment, and suffered an economic loss as a result of any of the following:
 1. The institution, a location of the institution, or an educational program offered by the institution was closed or discontinued, and you did not choose to participate in a teach-out plan approved by the Bureau or did not complete a chosen teach-out plan approved by the Bureau.
 2. You were enrolled at an institution or a location of the institution within the 120 day period before the closure of the institution or location of the institution, or were enrolled in an educational program within the 120 day period before the program was discontinued.
 3. You were enrolled at an institution or a location of the institution more than 120 days before the closure of the institution or location of the institution, in an educational program offered by the institution as to which the Bureau determined there was a significant decline in the quality or value of the program more than 120 days before closure.

4. The institution has been ordered to pay a refund by the Bureau but has failed to do so.
5. The institution has failed to pay or reimburse loan proceeds under a federal student loan program as required by law, or has failed to pay or reimburse proceeds received by the institution in excess of tuition and other costs.
6. You have been awarded restitution, a refund, or other monetary award by an arbitrator or court, based on a violation of this chapter by an institution or representative of an institution, but have been unable to collect the award from the institution.
7. You sought legal counsel that resulted in the cancellation of one or more of your student loans and have an invoice for services rendered and evidence of the cancellation of the student loan or loans.

To qualify for STRF reimbursement, the application must be received within four (4) years from the date of the action or event that made the student eligible for recovery from STRF.

A student whose loan is revived by a loan holder or debt collector after a period of noncollection may, at any time, file a written application for recovery from STRF for the debt that would have otherwise been eligible for recovery. If it has been more than four (4) years since the action or event that made the student eligible, the student must have filed a written application for recovery within the original four (4) year period, unless the period has been extended by another act of law. However, no claim can be paid to any student without a social security number or a taxpayer identification number.”

REFUND POLICY

A. STUDENT'S RIGHT TO CANCEL

1. You have the right to cancel your agreement for a program of instruction, without any penalty or obligations, through attendance at the first class session or the seventh calendar day after enrollment, whichever is later. The institution shall refund 100% of the amount paid for institutional charges, less a reasonable deposit or application fee not to exceed two hundred fifty dollars (\$250). After the end of the cancellation period, you also have the right to stop school at any time; and you have the right to receive a pro rata refund if you have completed 60 percent or less of the scheduled **hours** in the current payment period in your program through the last day of attendance.

Cancellation of this agreement can occur up to: _____
Date

2. Cancellation may occur when the student provides a written notice of cancellation at the following address: 1375 Blossom Hill Road Ste 9, San Jose, CA 95118
3. The written notice of cancellation, if sent by mail, is effective when deposited in the mail properly addressed with proper postage.
4. The written notice of cancellation need not take any particular form and, however expressed, it is effective if it shows that the student no longer wishes to be bound by the Enrollment Agreement.
5. If the Enrollment Agreement is cancelled the school will refund the student any money he/she paid, less a reasonable deposit or an application fee not to exceed \$250.00 Refund to student will be within 30 days after the notice of cancellation is received.
6. Books and Equipment / Supplies / Kits shall be provided after the cancellation period, and once opened or used are not refundable due to unsanitary considerations.

B. WITHDRAWAL FROM COURSE

1. You may withdraw from the school at any time after the cancellation period (described above) and receive a pro rata refund if you have completed 60 percent or less of the scheduled days/hours in the current payment period in your program through the last day of attendance. The refund will be less a reasonable deposit or an application fee not to exceed \$250.00, and less any deduction for kits, within 30 days of withdrawal. If the student has completed more than 60% of the period of attendance for which the student was charged, the tuition is considered earned and the student will receive no refund.
2. The refund will be less an application fee not to exceed \$250.00, and less any deduction for kits, within 30 days of withdrawal. If the student has completed more than 60% of the period of attendance for which the student was charged, the tuition is considered earned and the student will receive no refund.
3. Used and/or opened items and tool kits are considered unreturnable due to unsanitary considerations.
4. For the purpose of determining a refund under this section, a student shall be deemed to have withdrawn from a program of instruction when any of the following occurs:
 - The student notifies the institution of the student's withdrawal or as of the date of the student's withdrawal, whichever is later.
 - The institution terminates the student's enrollment for failure to maintain satisfactory progress; failure to abide by the rules and regulations of the institution; absences in excess of maximum set forth by the institution; and/or failure to meet financial obligations to the School.
 - The student has failed to attend class for **three (3) consecutive weeks**.
 - The student fails to return from a leave of absence.

For the purpose of determining the amount of the refund, the date of the student's withdrawal shall be deemed the last date of recorded attendance. The amount owed equals the daily charge for the program (total institutional charge, minus non-refundable fees, divided by the number of **hours** in the program), multiplied by the number of **hours** scheduled to attend, prior to withdrawal. For the purpose of determining when the refund must be paid, the student shall be deemed to have withdrawn at the end of three (3) consecutive weeks. If the student has completed more than 60% of the period of attendance for which the student was charged, the tuition is considered earned and the student will receive no refund.

If any portion of the tuition was paid from the proceeds of a loan or third party, the refund shall be sent to the lender, third party or, if appropriate, to the state or federal agency that guaranteed or reinsured the loan. Any amount of the refund in excess of the unpaid balance of the loan shall be first used to repay any student financial aid programs from which the student received benefits, in proportion to the amount of the benefits received, and any remaining amount shall be paid to the student. If the student has received federal student financial aid funds, the student is entitled to a refund of moneys not paid from federal student financial aid program funds.

If a student obtains a loan to pay for an educational program, the student will have to repay the full amount of the loan plus interest, less the amount of any refund, and that, if the student receives federal student financial aid funds, the student is entitled to a refund of the money not paid from federal financial aid funds.

RE-ENTRY STUDENTS

Students who withdraw in good standing may re-enter, with a fee of \$250, depending on the mitigating circumstances, into the course of study without the loss of credit for prior hours and operations earned during the prior enrollment. Current tuition will be applied. If the student transferred to other institutions before returning to Cosmotek College those hours and operations earned at that institution would also be credited to the student for the new re-enrollment, if applicable. Each re-entry is treated on an individual basis. Cosmotek College reserves the right to reject students that had withdrawn from Cosmotek College previously. Because tuition fees and costs are subject to change, re-entering students will be contracted according to the current tuition costs and will be required to pay any additional fees if applicable.

BARBER PROGRAM (1,000 HOURS)

PROGRAM DESCRIPTION:

Program CIP Code: 12.0402

It is time to become upgraded with some phenomenal cosmetic skills, and our Cosmetology Program shows you how. With our intensive training programs comprising of hair design, hair extensions, runway fashion, wedding styles, coloring, styling, facials, waxing, eyelash extensions, studio makeup, lash lift, electrotherapy, nail arts, gel nails, dip powder nail technology, acrylic nail applications, and many more at no extra charge to our students is going to change people's lives. We understand as the saying goes, that "First impression is the last impression", it is absolutely necessary to for you to know a little more than the basic hair cut or the simple skin tone adjustment to stand out in the beauty industry.

Our course is open for all ages and gender (men, women, old, young) and we aim to shape them to pursue a career with many opportunities. The California State Department of Barbering and Cosmetology has scheduled 1000 hours of extensive training sessions within which all phases of learning have to be covered as per section 7316 of the Barbering and Cosmetology Act. This initiative is to impart the students with full knowledge of the Cosmetic industry and prepare them for putting their first steps in the world of glamour. It is followed by an evaluation conducted by the California State Department of Barbering and Cosmetology. All students are required to pass this examination to obtain the License of Cosmetology. This License is mandatory to start your practice as a cosmetologist in the state of California.

It is an art to make a person presentable before the judging eyes of the world. As a knowledgeable man once said, "The truth of beauty lies in the eyes of the beholder", the people around the globe have always taken pride to showcase themselves, in the best manner possible. It is this mania for being presentable that keeps the demand for the cosmetologists hot in today's pacing world. Celebrities to business tycoons to the fashion-conscious generation of the present day all flock to cosmetologists to keep themselves ready always for any event they are going to attend. To look good is a necessity and everybody is fashion conscious these days. Everybody requires hair, nail, and facial services as often as a monthly basis. The beautician is becoming the customer's close friend. This trust is built for benefits for both the sides and the business gains longevity.

We offer scholarships to those who needs financial help. We are the only one in the state to invest in maintaining a job portal and we let various employers post the jobs for free. Our students can access to this service lifetime. This enables our students to immediately look out for career opportunities after obtaining the license.

ESTHETICS (SKIN CARE) PROGRAM (600 HOURS)

PROGRAM DESCRIPTION:

Program CIP Code: 12.0409

Program SOC Code: 39.5094, 39-5091, 39-1021.01

Combining hands-on experience with didactic learning, our estheticians become masters of the diagnosis, treatment, and basic understanding of the skin.

The goal of our Esthetics program is to provide a learning environment that will foster the development of the professional, academic, clinical, and technical skills necessary to provide competent, compassionate care for clients.

The esthetician is trained to detect skin problems that require medical attention. Along with skin care training that will include skin analysis, treatment, and facial techniques; you will learn the skillful and artist application of cosmetics, healthful and healing body treatments, and business practice.

A few years ago, eyelash extensions might have been a luxury or special service for events and occasions only. Now just about everyone has them, does them, or wants them! The world of eyelash extensions is growing faster by the second, and now is the perfect time for you to get in. We train and certify you for free, as part of our advanced training curriculum.

Makeup artistry is a very marketable skill, and it is one that you can take with you anywhere you go. Makeup should be included into every service the spa has to offer. Makeup is another great way to increase revenue, whether through retail sales or as an add-on treatment to other spa menu items. You could be making additional income of a professional makeup artist and the job possibilities really are endless. The professional makeup training class is offered to our esthetics student at free of charge.

Becoming a licensed esthetician takes **six hundred (600) clock hours** consists of both theory and practical at an approved school. After completing your clocked hours, you will be prepared to pass the written and practical for state board. At Cosmotek College, we have resources to help students pass on their first try. In addition, we provide students with equipment to perform modern procedures. We understand that a license is only an introduction to this career and being exposed to advanced training on popular, high pay services. Therefore, we offer advanced esthetics topics free of charge.

Cosmotek College is a Dermalogica Partnership School. The professionals from International Dermal Institute will train our students on a regular basis on advanced topics with Dermalogica's product segments and treatment protocols. The students will experience hands-on practical application using professional-grade products, learn how to build client connections and revenue from retail sales, and receive access to advanced postgraduate training when transitioning from student to professional.

MANICURING 600 (600 HOURS)

PROGRAM DESCRIPTION:

Program CIP Code: 12.0410

Program SOC Code: 35.50922

This is the most exciting time to enter the manicuring profession! Demand for manicurists continues to grow as the beauty industry is growing faster than ever before. Today the beauty industry valued at an estimated \$532 billion and counting, according to a new report from retail analytics firm Edited. The spending on nail salon services in 2019 alone was approximately \$8.5 billion.

Men and women from diverse backgrounds who enter the nail industry find the career fun, creative, and rewarding.

Cosmotek College provides the foundation for those who are committed to success and are prepared to embark on a rewarding career that provides professional growth, limitless opportunities, and the satisfaction of making a difference in people's lives. Our manicuring program features a combination of online theory, classroom instruction, and salon services in our campus.

The first part, 400 clocked hours will cover all phases of manicuring and pedicuring mandated by the California State of Barbering and Cosmetology. Passing the exam is a requisite to obtain a Manicurist License. The license is a requirement to operate as a nail tech in the State of California. The second part, 200 clocked hours will emphasize on gel nail application, nail art, current trends, acrylic nail enhancement procedure and products and how to operate a successful nail spa.

One of the many reasons Cosmotek College design this program is to help graduates who plan to move out of California to states that require more than 400 hours of training. Reciprocity is one way to work in a state without having to go through the educational requirements of the new state. Most states will accept reciprocity from other states with some basic requirements. Your training from your home state must be equal or greater than the training requirements of the new state. Below is a list of some states that require more than 400 hours of training for the manicuring program.

Alabama – 750 hours	Georgia - 525 hours	Oklahoma - 600 hours
Arizona – 600 hours	Indiana - 450 hours	Tennessee - 600 hours
Arkansas - 600 hours	Kentucky - 600 hours	Texas - 600 hours
Colorado - 600 hours	Nevada - 600 hours	Washington - 600 hours

Some states, including Colorado and Florida will license you through endorsement. To qualify, you must hold a current manicurist license in good standing and, as with reciprocity, the new state must agree that your home state has similar training requirements and board exams. Endorsement generally permits you to bypass the new state's board examinations.

As with most beauty trends, nail styles are rapidly shift and change. Having a current knowledge of the latest trends can help nail technicians to anticipate requests and make suggestions. Learning at Cosmotek College, you will gain thorough up-to-date knowledge of the nail technology as you prepare to become a part of it.

EDUCATIONAL GOALS:

Upon completion of this program, students should be able to:

- Understand disinfection procedures, the laws, rules, and regulations.
- Understand consumer safety.
- Obtain communication skills that include professional ethics, salesmanship, decorum, record keeping, and client service.
- Build a successful beauty salon.
- Understand manicures, pedicures, nail extensions and acrylics.
- Understand about basic manicure art, which includes shaping fingernails and creating patterns and designs on the nail.
- Apply soothing lotions and nail polish to people's fingernails.
- Acquire knowledge of general theory relative to manicuring including anatomy and physiology, chemistry, and theory relative to practical procedures performed.

- Acquire knowledge of nail structure and growth, nail disorders and diseases, and skin structure, growth, and nutrition.
- Discuss nail treatments and services available.

Course	Description
MAS101	This course is designed to provide massage therapists with essential knowledge in ethics, business practices, and the rich history of massage therapy, necessary for cultivating a successful therapeutic practice. Through four focused modules, students will gain insights into the historical roots of massage, understand the legal and educational groundwork required for practice, delve into ethical considerations specific to massage therapy, and acquire practical business skills for managing a successful practice.
MAS102	This module provides an in-depth look at human anatomy and physiology, emphasizing its relevance to massage therapy. Students explore the impact of stress and pain on the body, the healing process, and how massage fits into

	the wellness model. The course also covers essential medical terminology and the basics of human anatomy and physiology necessary for effective massage practice.
MAS103	This module equips massage therapists with comprehensive knowledge on the effects and benefits of massage, focusing on physiological and psychological impacts, contraindications, equipment and product selection, infection control, safety practices, consultation, and documentation. It explores how massage affects various body systems, highlights the importance of understanding contraindications to ensure safe treatments, and emphasizes the significance of maintaining a hygienic and safe practice environment. Additionally, the course teaches effective client consultation and documentation techniques, essential for professional practice.
MAS104	This course focuses on foundational techniques and practices essential for therapeutic massage. It begins with the classification of massage movements, encompassing the study of the forces used in therapeutic tissue manipulation and the major categories of massage methods. Participants will learn about the impact of various factors such as intention, direction, speed, rhythm, and pressure on the effectiveness of massage. The course also emphasizes the mastery of basic massage movements and the demonstration of passive and active joint movements.
MAS105	The Complete Body Massage course offers comprehensive training for massage practitioners, focusing on essential massage techniques, client preparation, and practitioner self-care. It emphasizes the importance of ergonomic practices and body mechanics to ensure the safety and well-being of both the practitioner and the client. Through practical demonstrations and exercises, students will learn to prepare clients for massage sessions, master full-body massage techniques in both supine and prone positions, and develop strong, flexible hands critical for effective massage delivery. The course also covers self-care practices and the benefits of grounding and centering for the practitioner.
MAS106	The Spa Massage Therapy course provides comprehensive training in spa services, hydrotherapy, and industry insights. Students will explore the use of water in treatments, learning about the therapeutic effects of heat, cold, and contrast therapy. The curriculum includes a brief history of spas, customer demographics, and popular spa services, including hot stone massage and aromatherapy. Hands-on training in procedures like exfoliation, body wraps, as well as instruction on specialized equipment, prepares students for spa employment. Emphasis is placed on developing customer service skills and understanding effective spa massage techniques, with a focus on career opportunities in the spa sector.
MAS107	This course combines advanced clinical massage techniques with lymphatic therapy to enhance therapeutic skills for massage therapists. It provides a deep dive into neuromuscular therapy, covering trigger point identification and treatment, muscle energy techniques, and the principles of passive positioning and position release techniques. The course also explores the distinction between superficial and deep fascia with myofascial technique demonstrations. In addition, it introduces the craniosacral system, offering insights into this advanced bodywork modality. The lymphatic therapy section covers the historical background, lymph circulation, and the function and location of lymph nodes, along with contraindications and primary techniques for lymph massage. Designed for immediate application in practice, this course equips therapists with clinical skills for effective therapeutic outcomes.
MAS108	This combined module offers an in-depth exploration of therapeutic and sports massage, tailored for therapists looking to advance their skills in assessment, treatment strategies, and specialized techniques for athletes. In the therapeutic segment, participants will learn the comprehensive process involving client intake, posture and gait assessment, and the identification of soft tissue barriers. Techniques to palpate tissue layers and textures, and strategies for releasing hypertonic tissue constrictions, are highlighted. The sports massage portion delves into the definition, purposes, and applications of athletic massage, including pre- and post-event techniques, and the role of massage in training and injury rehabilitation. Essential for understanding muscle fatigue, benefits, and contraindications, this program equips therapists with the knowledge and skills for effective practice in both therapeutic and athletic settings.
MAS109	This comprehensive course is designed to equip massage therapists with the specialized knowledge and skills necessary to provide effective and safe massage therapy to diverse populations, including pregnant women, infants, children, the elderly, individuals with disabilities, and those undergoing cancer treatment or in hospice care. Furthermore, the course delves into the integration of massage therapy within the broader context of allopathic and complementary and alternative medicine (CAM), highlighting its role in integrative medicine, hospital settings, and

	interdisciplinary care teams. Through a blend of theoretical knowledge and practical application, participants will learn to tailor their massage techniques to meet the unique needs of each client, ensuring a holistic and therapeutic approach that supports overall well-being and complements medical treatment.
MAS110	This module offers an engaging exploration into specialized massage techniques, starting with chair massage and extending into foot reflexology, among other therapeutic practices. Participants will begin by mastering basic chair massage techniques, including a straightforward routine suitable for quick sessions. The course then shifts focus to reflexology, emphasizing the identification and stimulation of reflex points on the feet and hands to promote overall wellness. Additionally, students will gain insights into the safe application of stone massage, along with an introduction to the philosophies underpinning acupressure and acupuncture. The program rounds off with an overview of shiatsu and an explanation of the body's seven chakras, enriching therapists' skills with a variety of non-traditional massage methods.

TEACHER TRAINING (500 HOURS)

PROGRAM DESCRIPTION:

Program CIP Code: 12.0413 Program SOC Code: 39-5012

This 500-hour certificate course of study is available to students who have earned their cosmetology, nail technology, barber, or esthetics license or have completed hours in their field of study and would like to further their education.

An educator plays a fundamental role in the beauty industry. Teaching allows you to share your knowledge and skills with others. You will train the next generation of hair stylists, makeup artists, nail technicians, estheticians, etc. You will be a role model to many young populations who will see their future in you.

EDUCATIONAL GOALS:

Upon completion of this program, students should be able to:

- Teach related information, manipulative operations, and techniques.
- Develop lesson plans, prepare exams, and prepare other students for State Boards
- Communicate confidently
- Create high impact teaching skills and presentation techniques
- Facilitate classroom interaction
- Develop course outlines
- Coordinate with our teachers to create your own coursework
- Teach essential business skills for success

INSTRUCTIONAL MODE:

Our Teacher Training program will be delivered in the school with an instructor present.

Students are required to finish all assigned homework and tests given by your instructor. Students must receive a grade of 70% or higher on the evaluation exams.

The program does not require internships or externships.

CAREERS:

Upon finishing the teacher training program, an educator is not limited to classroom. Teacher education training can give you freedom to not only teach, but to have more options in the beauty industry. Our mission is to prepare students for entry level teaching skills.

SESSIONS: Begin weekly on Mondays.

PREREQUISITES:

Teacher training applicants must have a valid license or completed hours in their field of study.
